

Dear Patients:

Please be advised that on December 31, 2018, Dr. Dan Schimmel is retiring after a long and distinguished career in medicine. We wish him all the best and thank him for his service at Loden Vision Centers.

The Loden Vision Centers team will continue to provide the same quality health care that you have received from Dr. Schimmel. If you wish to remain a patient of this practice, there is no action needed on your part. If, however, you would prefer to seek medical care elsewhere, you are free to do so.

In order to obtain your medical records either personally or to have them sent to a healthcare provider, we will need a signed authorization to transfer records. We've enclosed a release for your convenience.

Upon completion of this form, you may return it to our office in person, electronically, or by mail and we will then process your request. Please contact us if you have any questions about your current or future treatment. 615-859-3937

Sincerely,  
Loden Vision Centers
